First working prototype

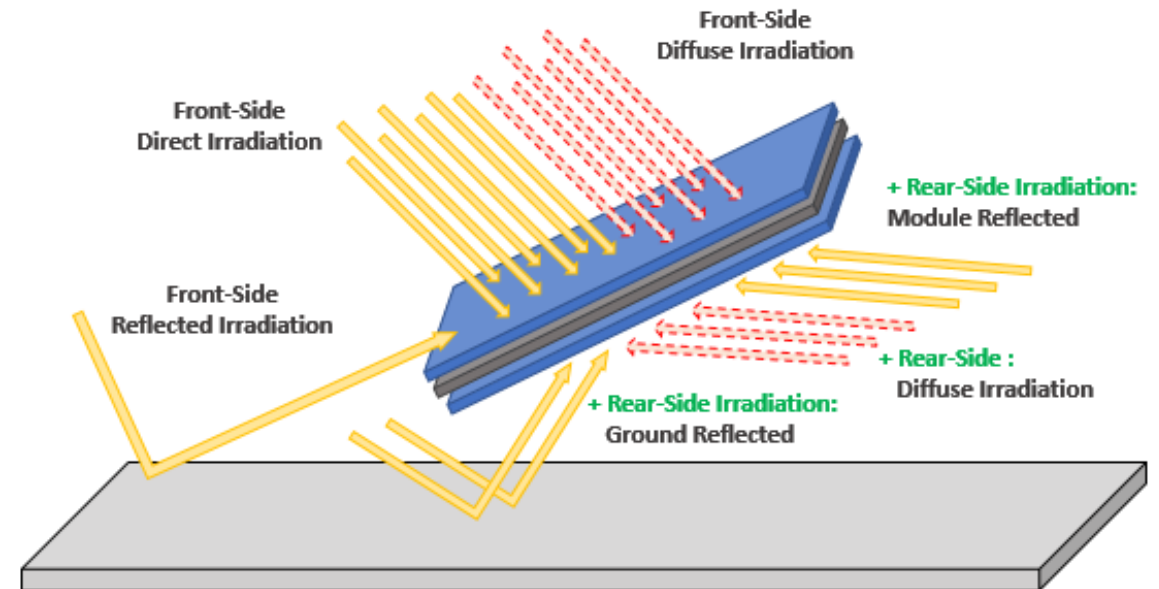

1977:  
First bifacial lab cells

2004 -2008:  
Large scale PV industry  
takes off

2010-2012:  
Commercialization of  
Bifacial Solutions

2017:  
Bifacial Market Growing  
Explosively.

## Photovoltaic Technology Enhancement

# Designing Bifacial PV Projects

Tracker Design: Pitch, Height, GCR

Project Design: Bifacial Parameters

Albedo Measurements

Project Certification

Data Validation
