

# Is battery storage in France an attractive investment ?

Siobhan Green  
Everoze Partners, Oct 2019

# WHO ARE WE ?

---

# PÂTÉ EN CROÛTE

## WINNING RECIPE

1. Main ingredient: Extract max value from FCR
2. Complement: win a 7-year CM contract
3. Crust: Minimise network charges

# MAIN INGREDIENT : Frequency Containment Reserve (FCR)

## Product :

Min bid size: 1MW

FAT: 30sec

Duration: 15mins

PRODUCT : In process of being harmonised

MARKET SIZE (Fr): up to 740MW

# I. EXTRACT MAX VALUE FROM FCR

EXTRACT UP TO 40% MORE FCR REVENUE BY AGGREGATING

## 2. WIN A 7-YEAR CAPACITY MARKET CONTRACT

---

This year's AOLT is particularly attractive to batteries because:

1. Big volume procured
2. Limited number of assets are eligible
3. Batteries can get full certificate value

**AOLT IS A GREAT OPPORTUNITY FOR BATTERIES!**

# 3. MINIMISE NETWORK CHARGES

LOCATION & METERING ARRANGEMENTS CAN HAVE A BIG IMPACT ON OPEX

And after all that, **IS IT TASTY ?**

Thank you.
